CONSTANTINE THE GREAT

Constantine became emperor after the death of his father in 308 and reinstated his mother Helen with the title of Augusta.

According to history, Constantine helped Helena embrace Christianity, and from there on, she would help spread it. Saint Helen became a Christian in the year 312 when she was already at the age of 60.

St. Helen oversaw the construction of churches on Holy Land sites. She would later be credited with discovering the cross upon which Jesus Christ believed to have crucified.

On October 28 in 312 A.D. Constantine defeated the superior forces of his rival Maxentius at the Battle of Milvian Bridge. Maxentius's forces attempted to retreat across the Tiber by way of The Battle of Milvian Bridge outside Rome was a watershed moment for Constantine. He defeated one rival, his brother-in-law Maxentius, and gained the mantle of western Roman emperor.

SAINT HELEN

St. Helen was the mother of St. Constantine the Great and was born at Drepanum in Asia Minor to parents of humble means. She married Constantius Chiorus, and their son Constantine was born in 274. Constantius divorced her in 294 in order to further his political ambitions by marrying a woman of noble rank.

Helen was abandoned and left to live in exile: she suffered alone for many years. In 306, Constantius died and Constantine became Emperor. Constantine declared Helen an Empress and titled her Augusta. She used her high position and wealth in the service of her religious enthusiasm and helped build churches throughout the empire. She was noted for her selflessness and generosity. Helen gave tirelessly to the church, prisoners, and the poor. In 324, Constantine had a great desire to find the True Cross, so at the age of 80, Helen led a group to the Holy Land to search for the Cross. She learned that the Cross was believed to be buried at the Temple of Venus. She ordered the

pagan temple demolished and in the process, the tomb of Jesus was uncovered, as well as three crosses close at hand. In order to determine the cross on which the Savior had been crucified, she took the crosses to a woman afflicted with an incurable disease and had her touch each one. One of them immediately cured her and it was pronounced the True Cross.

While in Jerusalem, St. Helen performed a variety of good works, including giving money to the poor. She also ordered that all places connected with the life of the Lord and His Mother be free of all traces of paganism and directed that churches be built at each of these places. She gave the Cross to the Patriarch of Jerusalem for safe-keeping and took part of the wood and nails back to Constantinople.

St. Helen is the patron saint of new discoveries and her feast day is celebrated on August 18.

St. Helen continued her journey to the holy places, building over eighty churches; at Bethlehem, the birthplace of Christ, on the Mount of Olives, and at Gethsemane where the Lord prayed before His sufferings and where the Mother of God was presumably buried. Emperor Constantine gave orders to build a church in honor of the Resurrection of Christ, but St. Helen did not survive to see the dedication of this temple. She died in 327. The church was completed in 335.

St. Helen was renowned for helping not only individuals, but entire communities through her works of charity. She often sought out to help the poor and destitute. She would visit churches and leave them with rich donations. St. Helena was a very devout servant of God, so much so that one would easily believe her to have been a follower of Jesus Christ from birth. Through her influence and work, Christianity continued to spread throughout the known world.

Royal Order of Constantine the Great and Saint Helen

My warmest greetings and congratulations to the **GRAND PRIORY OF ILLINOIS** for today's **2023 Royal Recognition and Charity Gala** recognizing worthy men and women of Exceptional Accomplishment and Philanthropic Activities, in one more of our stated eight (8) Recognition Categories and sharing our belief in chivalry and the power of Faith, Hope, and Charity.

As required, these individuals have been nominated by a Knight, Dame, or Noble of our Royal Order/ Royal House, recommended by a secret Nominations Committee of Nobles of the Royal Houses to avoid undue influence, and the Prime Minister of the Royal House, with the ultimate decision made by H.R.H. Prince Rafael, Prince Grand Master. Nominations, who have not won this favor, are sealed in the Royal Houses vault for 25 years.

Those few who have been selected for knighthood, damehood, or ennoblement, referred to as Postulants, are being recognized here today in this beautiful place and henceforth are part of the Royal and Sovereign House of Cappadocia's Order of Chivalry and/or Nobility. A knighthood, damehood, or noble title in the Orders of Chivalry of this Royal House cannot be purchased, negotiated, or given as a favor. It is one of the most sacred acts an Emperor, King, or Prince bestowed with Fons Honorum rights can perform.

As you will learn tonight, the **Sovereign Constantinian Order of Cappadocia** was created by Roman Emperor Constantine I, to honor his most valiant warriors, after the successful battle at the Milvian bridge in Rome in 312 A.D., invested them as its members and bestowed the Order with the Roman Province of Cappadocia, a Kingdom/Principality within the empire, with its own 3,000+ years rich noble history.

On behalf of His Royal Highness Prince Rafael, and all Members of the Royal House, and its Orders of Chivalry, I warmly welcome you as Knights, Dames, or Nobles into our Royal Family. My warmest Aloha to each and everyone attending this Royal Recognition and Charity Gala for your generosity and thereby allowing us to make this world a better place for those in need.

In Chivalry yours,

They will be entitled to be known henceforth socially as "Sir" or "Lady or Dame" and are bestowed with rights, decorations, and accouterments. Chairman & Chief Executive Officer Principality of Cappadocia, Inc., a Delaware company, based in Honolulu, Hawaii The Royal and Sovereign House of Cappadocia and San Bartolomeo decided to form the Principality of Cappadocia, Inc, a Delaware, U.S. company in 2017 to become its acquisition and real estate holding company. Soon thereafter the Principality of Cappadocia, Inc. MPL is the fee simple owner of one of the largest, private fee-simple properties consisting of 60 square miles (approx. 32,423.45-acres of land and about 7,000-acres of lagoons, lakes, and rivers), with abundant natural resources in the beautiful eco-tourism nation of Belize in Central America. Belize created recently significant media headlines with the purchase of a 400-acre Island by Microsoft Co-founder Bill Gates in the US for \$25 million, the recent opening of several leading hotel brands, and its increase in cruise-line visitors. The Principality, as the landowner through its Board of Director, will oversee the engagement of the best possible team and strategic partners (investment bankers / financial planning / design / development / preservation / marketing and operation), to guide the conversion of part of the property into a diverse, sustainable, smart New City (Municipality), in which to live, thrive, study, work and play. Its consulting team included

Cades Schutte (legal), Verity CPAs (accounting), WATG (design architecture), Belt Collins (land planning and engineering), and First Hawaiian Bank. Its model is the City of Kapolei and the Ko'olina Resort, yet with an added designation as a Special Investment, Trade, and Development Zone. It is hoped that these efforts should result in the creation of a powerful "Economic Engine, an Education and Innovation Center" for its shareholders, all its stakeholders, and the people and government of Belize. Belize gained its independence from England in 1981. It is a member of the Commonwealth of Nations, with English and Spanish being the primary languages, its currency is pegged to the US currency US \$1.00 is BZ \$2.00, the government is based on British common law, with H.R.H. Queen Elizabeth II being the Head of State. The City and County of Honolulu and the City of Belize signed a Sister / Friendship City Agreement on September 23, 2004, in the presence of the U.S. Ambassador in Belize.

Prince Rafael started his professional career at C. R. BARD in 1976 as Area Representative Southern Europe spanning about 25 years, during which he rose to the position of President and Member of the Board of Directors. C. R. Bard, Inc., founded in 1907 went public in 1963 and was listed on the New York Stock Exchange in 1968. The company introduced a variety of new health care products. Its net sales first exceeded \$1 billion in 1994.

Prince Rafael engineered and participated in the Merger of USCI "C. R. Bard" and A.V.E., and ultimately in the Sale of the two merged companies to Medtronic in a multi-billion-dollar transaction. The Principality of Cappadocia is focused on completing the purchase of the property.

In H.G. Duke Gerhart's words: "It has been a long journey from this beautiful place in Styria (Steiermark) Austria, where I had the opportunity to grow up, as the youngest of fourteen to be educated and guided by Christian values and noble virtues, to one of the most serene, and blessed places on earth, the Islands of Hawaii, my family's home for more than 40 years. My upbringing prepared me well. It was a blessed journey, often using a less traveled road, experiencing what it truly meant to climb the highest summits and the deepest crevasses, especially with the loss of so many wonderful family members' blood and -friendship, and brotherly love that has been given to me so freely and so bountifully, over so many years. I pray that I can share the wisdom gained and the love that embraced me all my life, with those who need or deserve such experiences. It may be an act just simple as giving those who fell a hand, a word of wisdom whispered in their ear, or a chance to achieve more than they ever felt capable.

I thank my Creator for allowing me to gain these valuable lessons, preparing me for the current challenges, including that of serving the **SOVEREIGN CONSTANTINIAN ORDER OF CAPPADOCIA AND SAN BARTOLOMEO**, in short, "**Principality of Cappadocia**" as it has been known from time to immemorial, including the Royal Order of Constantine the Great and Saint Helen, as its Chief Executive Officer in various leadership areas at the pleasure of H.R.H. Prince Rafael.

lessons, are invaluable, and the inspiring history of the magnanimous Order of the Temple, or "**Knights Templar**," whose stories are told in some of the most successful films, such as "National Treasure" and uncounted best-selling books. Always in search of serving and empowering others, focused on leadership at

every level of society, and embracing historical and chivalric values, allowed me to attain the highest stations including serving as the Right Eminent Grand Commander of the Grand Commandery of Knights Templar of Hawaii. Our world would be a much darker place without their love for freedom, human rights, research, innovations, and simply never-ending hard work in the "**Quarries of Life**."

I can't imagine not having the Shriners Hospitals for Children, the Royal Arch Research Association, the Cryptic Masons Medical Research Foundation, the Knights Templar Eye Foundation, the Royal Order of Constantine the Great and Saint Helen Foundation, and most prominently the Asociacion Archiconfraternidad de San Carlos (Foundation) of our Royal House, just to name a few, besides our Atmospera-Walch Family Foundation to which our entire family contributes in accordance with the motto: **Noblesse Oblige!**

Many of these organizations would not exist today without the young General and Co-Emperor Constantine of the Eastern Roman Empire, who ruled from Constantinople, near Cappadocia.

Inspired by his mother Helene, a devoted Christian, he decided to defeat his half-brother and Co-Emperor Maxentius, who persecuted Christians. Historic records tell us about his epiphany before the battle at the Milvian Bridge of seeing a "**Cross in Sky**" at noonday and the words written, "**In Hoc Signo Vinces**."

Thus, he ordered his army to paint the cross on the shields of all soldiers. The next day at the battle at Milvian Bridge, his soldiers, although exhausted from the long journey and the many battles along the way, defeated the much larger army of Maxentius, his half-brother, and co-Emperor of Rome.

This victory opened the way for Constantine I to rise to Emperor of the Eastern and Western Roman Empire, later known as the Byzantine Empire or Holy Roman Empire, yet his most important decision was to adopt Christianity as the official Religion.

As the sole Emperor of the Roman Empire, Constantine I created the **SOVEREIGN CONSTANTINIAN ORDER OF CAPPADOCIA** in honor of his most valiant Warriors as its first members/nobles who surely would

have been killed if they lost the battle and been captured. Furthermore, he vested the Order with the ancient Kingdom of Cappadocia, with a history of more than 3,000 years as a Principality, Kingdom, and ultimately territory of the Roman Empire.

Today, 1700+ years later, although having lost its territory (land) to the Ottoman Empire, the Principality of Cappadocia operating with more than 20 Grand Priorities worldwide is energized and remains focused on having once again its own land and home, able to share more efficiently its principles, which are **Faith, Hope, and Charity**, with dedicated **Members/ Citizens of the Monarchical Chapter, Knights Dames, and Nobles**, who can rightfully claim be the "**Descendants**" of those most valiant Warriors.

Today, each Monarchy, Principality, or Duchy, and therefore also its Royal Families, Nobles, Knights, or Dames in the Western Hemisphere, especially when in 961 A.D., Otto I, was crowned emperor by Pope John XII, laying the cornerstone for the formation of the Holy Roman Empire, finds its roots therein. Without the sacrifices at Milvian Bridge in Rome, there would be no Orders of Jerusalem, Orders of the British Empire, Garter, Golden Fleece, Templars, and many, many others. Thus, all members of the **Sovereign Constantinian Order of Cappadocia** and its three (3) Orders of Chivalry throughout the Centuries to today, be blessed and honored, for their efforts, time, and talents shared so generously for the benefit of those in need.

The Royal Order of Constantine the Great and Saint Helen's mission evolved, and the goal has been set for its main charity, the **"St. Helen's Homes for Women and Children"** who are trafficked, abused, and in need of assistance, until they also can pursue a fulfilled life and happiness as the beneficiaries of this Charity. The set goal is for every Grand Priory and its Priories to participate in acquiring and operating such a Saint Helen's Home, based on established, successfully operating models.

Royal Recognition and Charity Gala, Honolulu, Hawaii

The date was October 28, 312 A.D., when Constantine I won the battle at Milvian Bridge in Rome. This, plus his mother Helen's devotion, led to the rise of Christianity to become the empire's main religion. Constantine ruled over the combined Roman empire from Constantinople, now known as Istanbul, located in Turkey where Cappadocia is located.

Constantine I created the SOVEREIGN CONSTANTINIAN ORDER OF CAPPADOCIA in honor of his most valiant warriors, who surely would have been killed, if they lost the battle, or had been captured. He vested this Sovereign Order with the Roman Province of Cappadocia, a kingdom and principality, with a history spanning more than 3,000 years B.C. Although the Order's land was lost, not so were its spirit and its rights as a sovereign nation, which were reaffirmed. Just as in 2011, and 2020, we plan to hold the 3rd Royal Recognition Gala on the Island of Oahu. Hawaii is the only state in the nation with a Royal Palace, built by King David Kalakaua. He was the last reigning, multi-talented king of Hawai'i. He was known as the "Merry Monarch" for his love of music and the arts, composed songs, including Hawai'i's anthem, Hawai'i Pono'i, and was also a true Innovator having installed a phone and illuminated the Iolani Palace with electricity in 1887, before the White House and Buckingham Palace. He was also a Mason, like many of the founders of the United States, and a Commander of the Honolulu Commandery #1 of Knights Templar. He surely would have met our Nomination Committee's strict requirements.

Together with the officers of the **Grand Priory of Hawaii** of the Royal Order of Constantine the Great and Saint Helen, Duchess Consort Dr. Nancy, Event Chair, we plan to meet and hopefully exceed your expectations. With warmest Aloha, Duke Gerhart, and Duchess Dr. Nancy.

H.E. SIR DR. THOMAS MOUNT, KGC,

GRAND PRELATE GENERAL & DAME ROZLYNN DEGIOVANNI MOUNT

Bishop Thomas Mount was the former Presiding Bishop of the WMNAC Association of Churches and founder of a global missions initiative, The World Miracle Network, that shipped food, clothing, medicine, water, educational materials, and Bibles in their own languages to African villages, orphanages, and newly formed churches planted through his Gospel Crusade efforts for twenty years.

He also sent humanitarian aid to Southern India, and the Philippines to help with disaster relief. This Christian network of missions supplied the daily nutritional needs of orphans and malnourished children in Central Africa daily. By supplying the much needed food, nutrition, and assistance for many desperate children in Central Africa, Bishop Mount's efforts helped many in need who had no other resources.

He also drilled fresh water wells for villages without clean water sources in 5 Nations in East and Central Africa over the course of those twenty years. When Bishop Mount first visited and preached in Africa, he observed that many villages had no fresh water source. Many people would travel for days carrying water back by hand in order for their families to survive. Waterborne diseases also continued to be one of the leading causes of

death for children under the age of five. Through the Gospel Crusades coordinated along with Church planting, Bishop Mount's vision of winning the lost for Christ, raising up churches and discipleship of new believers took hold with coordinated efforts from local clergy in the districts. This church establishment and growth helped spread the Gospel of Jesus Christ throughout Uganda, Kenya, the Democratic

Republic of the Congo, Rwanda, and Ghana, Africa.. At one point, over one hundred ministries and over 1,000 indigenous churches were under the banner of the WMNAC.

Bishop Mount was Ordained with the Church of God, was consecrated a Bishop in the International Communion of Charismatic Churches and the Anglican Church of North America, and currently is the General Grand Prelate of the Royal Order of Constantine the Great and Saint Helen receiving the Knight Grand Cross. He previously was the Grand Prior of the USA for the Hospitaller Order of St. Lazarus of Jerusalem. Bishop Mount's life goal has always been to demonstrate God's love by helping alleviate human need and suffering around the world. In an effort to combat hunger, deprivation, and affliction by the provision of food, clean water, clothing, shelter, medical care, medicines, and the basic necessities of life. He also helped develop healthy communities by addressing education, farming, agriculture, and community health. He was Bishop indigenous churches

In five countries in Africa, and supported several orphanages with donations of humanitarian necessities. He lead church structuring, supplied churches with Bibles translated in their own languages, discipleship study courses, and lead leadership training for pastors and church leaders.

Bishop Mount also worked with former President Jimmy Carter in revitalizing urban communities In Atlanta, Georgia through the Atlanta

Project. He coordinated leaders from local churches and Volunteer teams to work with resident leaders to help improve daily life in urban housing projects.

Bishop Mount was recipient of the President's Lifetime Achievement Award, White House, Washington, D.C., in 2018, and was commissioned by the Governor of the Commonwealth of Kentucky as a Kentucky Colonel. He holds a Masters Degree in Divinity, and has received two honorary doctorate degrees.

Bishop Mount prays for the great vision of the Royal Order of Constantine the Great and St. Helen's continued expansion of their global humanitarian efforts with their Royal Homes for Women and Children. This amazing vision will help those who are in the most desperate situations in life by blessing them with a variety of much needed care. This mission and vision is at the heart of God's

love for mankind, and a noble work of grace in a hurting world. Bishop Mount is retired and resides with his wife Dame Rozlynn DeGiovanni Mount in the southern Arizona mountains.

The Sport of Kings & the King of Sports – at the Mayan Plantation

An Initiative of the Principality of Cappadocia

Equestrian Lifestyle

World-Class Facility

A 2,000-acre portion of the Mayan Plantation will be used for the development of an equestrian community with two hundred (200) 5-acre Compounds, each with three 1-acre Equestrian Estates and one 2-acre paddock.

When fully sold, these six hundred 600 Equestrian Estates will feature a large plantation/ranch-style home with stables and horses.

The planners for this community allowed generous open space corridors that are linked by road and horse trail to modern, world-class equestrian facilities, 2 regulation Polo fields with a grandstand for approx. 600 spectators and additional bleachers, 2 regulation practice fields; for stick and ball and practice games; 1 boarded indoor arena, approx. 100 yards x 60 yards oblong size for 3-man team polo games and other users with show arena dressage, jumping, and weather riding Bleachers for the indoor arena; 2 tack rooms for approx. 200 horse owners; Covered paddocks for approx. 200 horses; 50 horse stalls on both sides of the grandstands (100 total), etc.

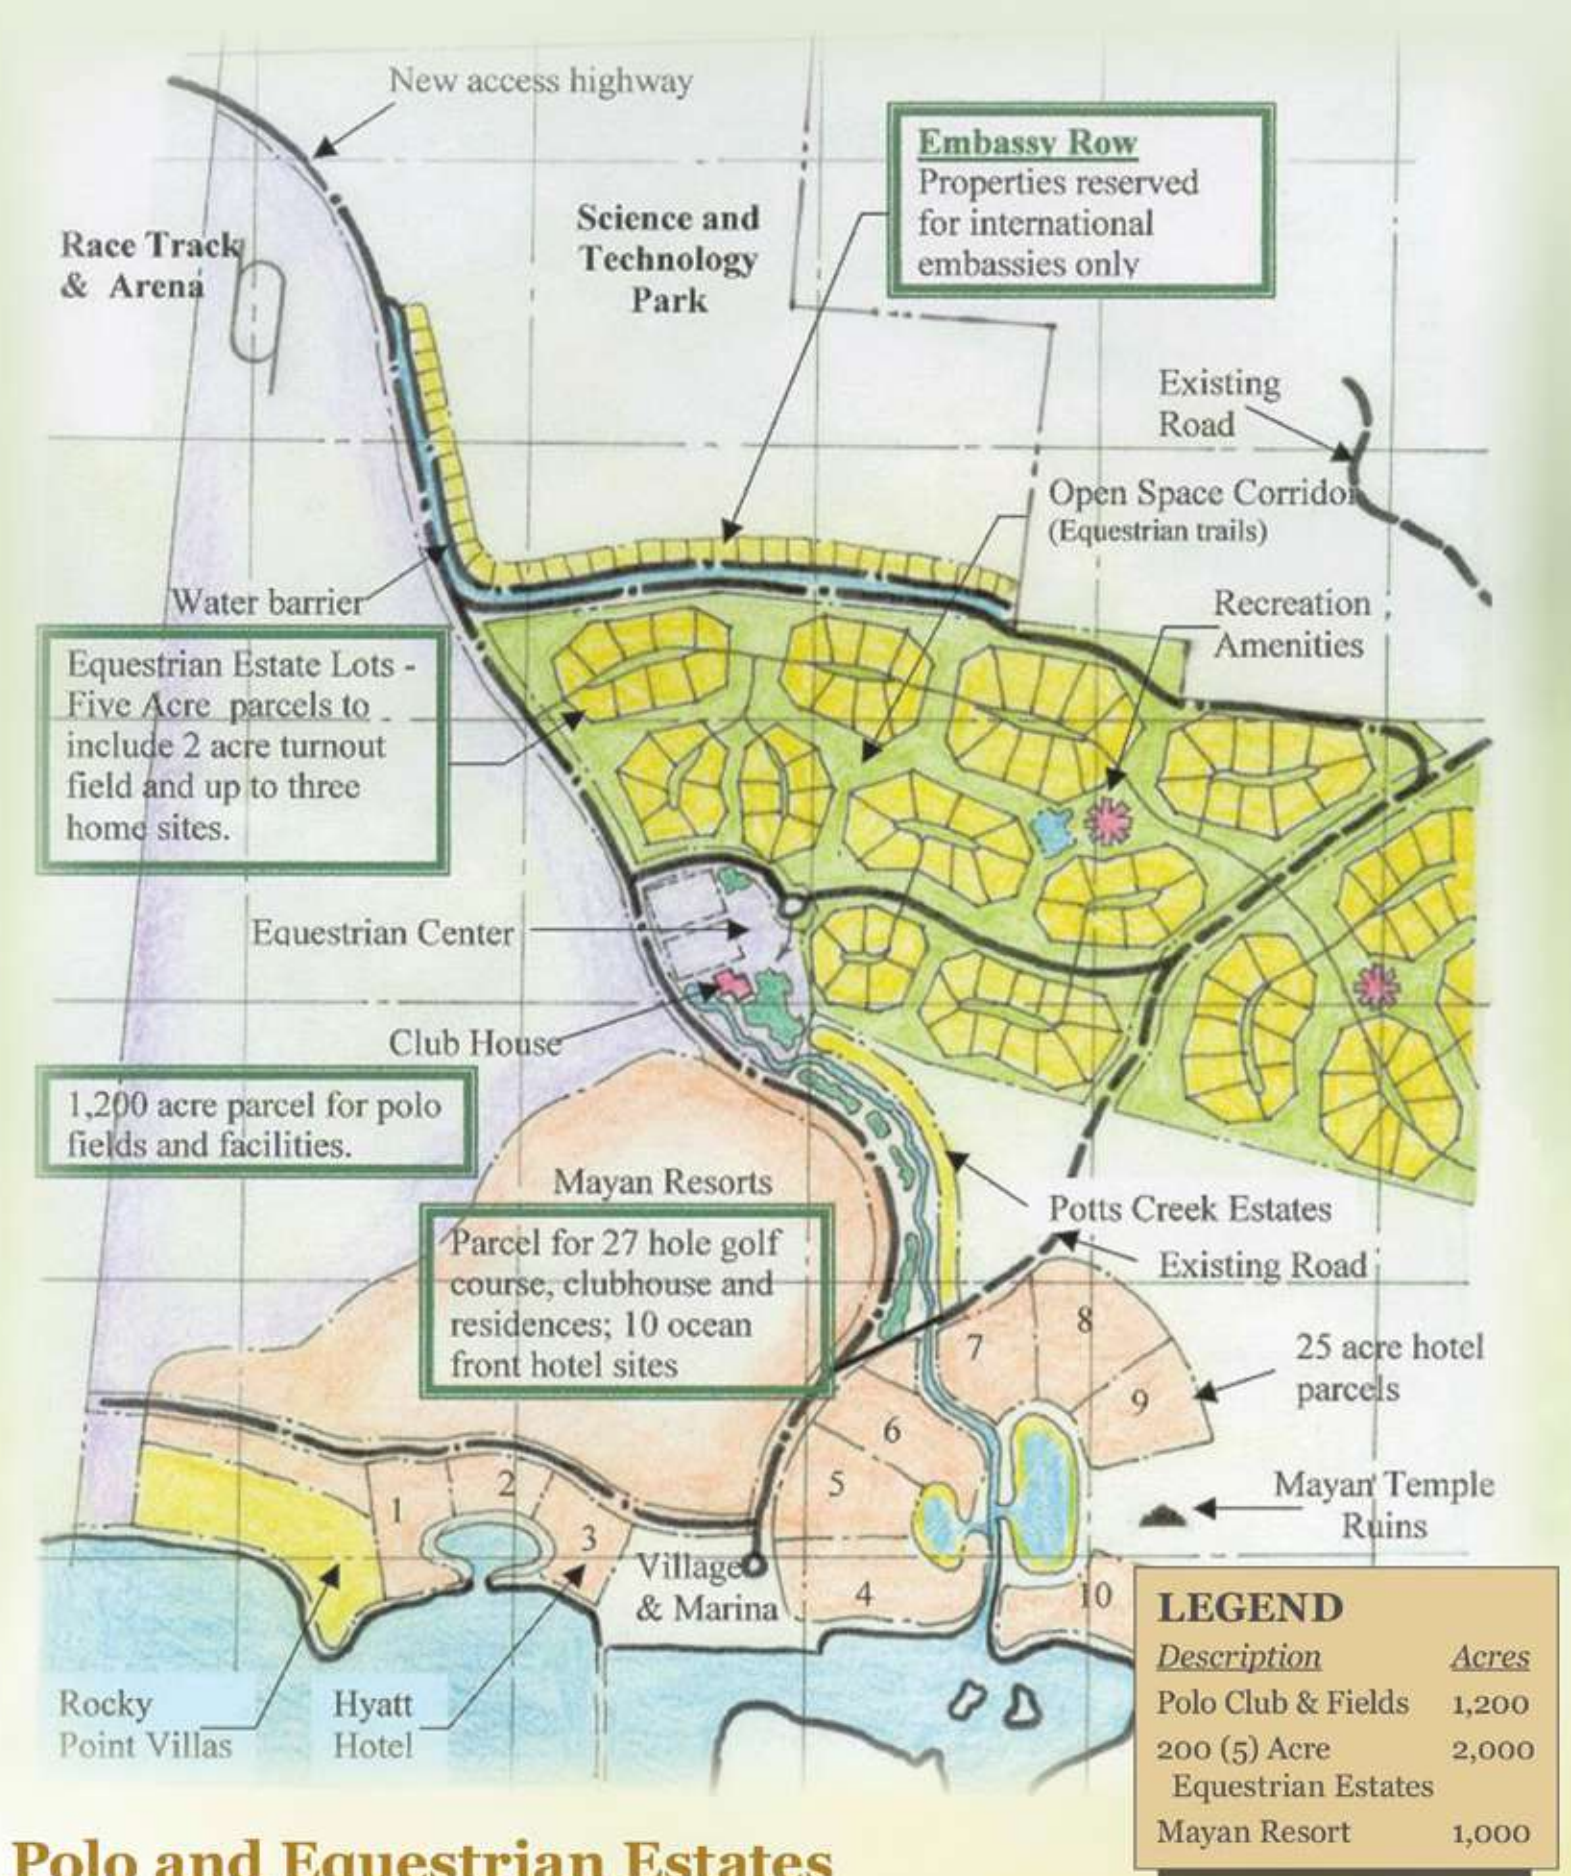

An Equestrian Center that would provide services, world-class training & club activities

An equestrian Inn/Lodge with guest suites, club facilities, restaurants, retail shops, and meeting rooms; veterinarian clinic, staff housing, modern stable, and maintenance facilities. As demand requires, it may include a racetrack with satellite-linked gaming facilities, skyboxes for companies or individuals who wish to enjoy and entertain their friends, and restaurant facilities, which would allow not only to host equestrian events but to use these facilities also as a multi-purpose public venue. It is planned to use the old logging/plantation roads, some of them dating back centuries, for nearly 100 miles of Plantation-wide riding trails.

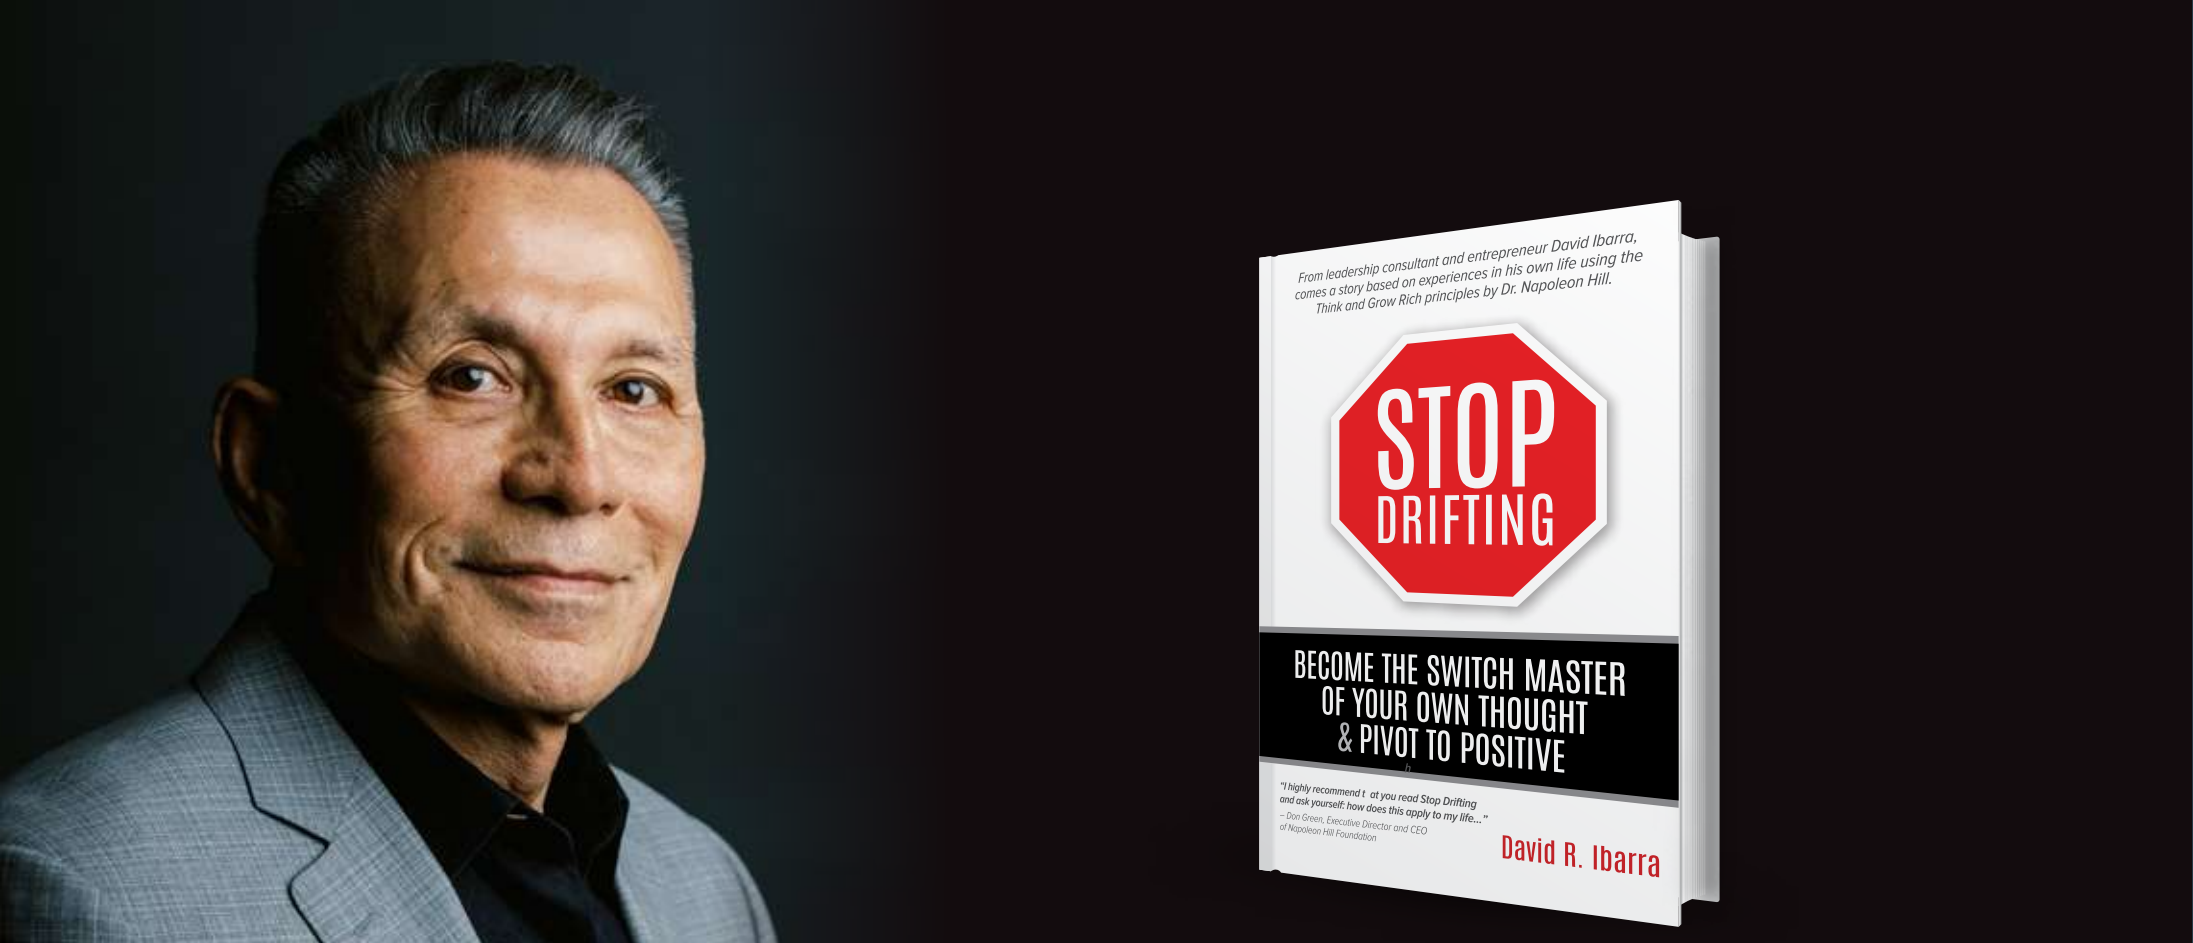

With the advice of Captain Mark Phillips, Olympic Gold Medalist and former coach of the gold medals winning US Olympic Equestrian Team, and some internationally ranked Polo Players, our design firm WATG, and Helber Hastert & Fee, our

land planners prepared this preliminary Land Use Plan/Design for an Equestrian Center that would provide services, world-class equestrian training and club activities, and may result in time in the creation and development of an Olympic Trainings Center and a Belize National Polo and Equestrian Team.

Polo and Equestrian Estates

The properties will be clustered in five-acre parcels. Each parcel contains a common exercise area of approximately two acres. The number of home sites on each parcel may range from one (1) up to five (5), depending upon the size of homes to be built. Each area will have amenities and facilities appropriate to the homes located there.

SECRETARY OF STATE

JESSE C. WHITE

Jesse White is Illinois' 37th Secretary of State. White was first elected to the office in 1998 and won landslide victories in 2002, in which he won all 102 counties, and again in 2006, 2010 and 2014. On Nov. 6, 2018, White was reelected to a record-breaking sixth term, winning another landslide victory in which he earned over 3.1 million votes statewide - the most ever by a statewide candidate in a midterm election. White became Illinois' longest serving Secretary of State on May 30, 2014.

The Illinois Secretary of State's office is the largest and most diverse office of its kind in the nation, providing more direct services to the people of Illinois than any other public agency. White's office issues state ID cards, vehicle license plates and titles; registers corporations; enforces the Illinois Securities Act; administers the Organ/Tissue Donor Program; licenses drivers; and maintains driver records. As State Librarian, Secretary White oversees the State Library and literacy programs, and as State Archivist, he maintains records of legal or historic value.

Under White's leadership, the use of new technology along with modernizing and streamlining operations has significantly improved customer service. Illinois has become a national leader in road safety as White strengthened DUI laws, reformed the truck driver licensing program and overhauled teen driving guidelines. As a result of White's initiatives, traffic fatalities have decreased. In 2014, White was inducted into the Illinois High School & College Driver Education Association Hall of Fame.

Prior to his election as Secretary of State, White served as Cook County Recorder of Deeds - a job to which he was first elected in 1992 and reelected in 1996. Before that, he served 16 years in the Illinois General Assembly, representing the most culturally, economically and racially diverse district in Illinois.

In 1959, White founded the internationally known Jesse White Tumbling Team to serve as a positive alternative for at-risk children residing in public housing in and around the Chicago area. Since its inception, more than 18,500 young men and women have performed with the team. White has spent 63 years working as a volunteer with the team to help kids stay away from gangs, drugs, alcohol and smoking, and to help set at-risk youth on the path to success. The program has received international praise. This year the team will make more than 1,500 performances using eight units, consisting of 225 young men and women. Currently, there are

51 members enrolled in college. In 2014, the Chicago Park District opened the Jesse White Community Center and Field House in honor of White's lifelong contributions to the community. In addition, a school in Hazel Crest, Illinois, was recently named the Jesse C. White Learning Academy, and Division Street in Chicago was designated Jesse White Way in honor of White.

White served our country as a paratrooper in the U.S. Army's 101st Airborne Division and as a member of the Illinois National Guard and Reserve. He played professional baseball for seven seasons with the Chicago Cubs organization, where he had a .291 lifetime batting average, was elected to two All-Star games, led the league and team multiple times in stolen bases, had the highest team batting average multiple seasons, and was twice voted most popular player for the AAA Salt Lake City Bees. In August 2021, in honor of his professional baseball career and lifetime of public service, the Chicago Cubs signed White to an honorary Major League Baseball contract. After he hung up his spikes, White enjoyed a 33-year career with the Chicago Public Schools as a teacher and an administrator.

Jesse White earned his Bachelor of Science from Alabama State College (now Alabama State University) in 1957, where he was a two-sport athlete earning all-conference honors in baseball and basketball. In May 1995, White was inducted into the Southwestern Athletic Conference Hall of Fame. He was an all-city baseball and basketball player at Chicago's Waller High School (now Lincoln Park High School) and was inducted into the Chicago Public League Basketball Coaches Association Hall of Fame in June 1995. In 1999, he was inducted into the Alabama State University Sports Hall of Fame. Born in Alton, Illinois, he now lives on Chicago's Near North Side. White has three adult children, Glenna, Lorraine and Mark; and two grandchildren, Jesse and Susan.
